Hotham	Arun	0.49	1488
Langney	Eastbourne	0.49	1509
Southlands	Adur	0.48	1511

### Commentary

Within Sussex, eight of the wards have health deprivation levels in the top 10% in England (rank below 768). However, this is an improvement on the last IMD where there were 25 wards in the top 10%. This could indicate that wards have become less health deprived relative to other areas. In the last IMD, Central St Leonards had the highest levels of health deprivation in Sussex, but this time round East Brighton ward in Brighton & Hove has the highest, followed by another Brighton ward (Queens Park).

**This information was produced by Grant Thornton UK LLP for Sussex Community Foundation 2016. It is taken from the Indices of Multiple Deprivation (IMD 2015), English Indices of Multiple Deprivation, Department for Communities and Local Government, 2015.**
